While it is so important for us as Church to recognize the nature of the Church as Universal, it is important for us to speak of ourselves as Church within the diocese and within the family which is the domestic Church. The place where we first come to know what it means to be Church, however, is in the parish. It is in the parish where we first come to know Christ's faith community in Baptism. It is in the Parish that we come to experience the mercy of God in the Sacrament of Penance...
